IMPORTANT NOTE #7
The National FFA Collegiate Scholarship Program does not utilize the services of any scholarship search companies. Applicants interested in National FFA scholarships should not send money or information to any companies. All questions regarding this program should be directed to the National FFA Scholarship department at **scholarships@ffa.org** or **317-802-6099**. **Normal business hours are 7:30 a.m. to 4:30 p.m. Monday through Friday, EST.**
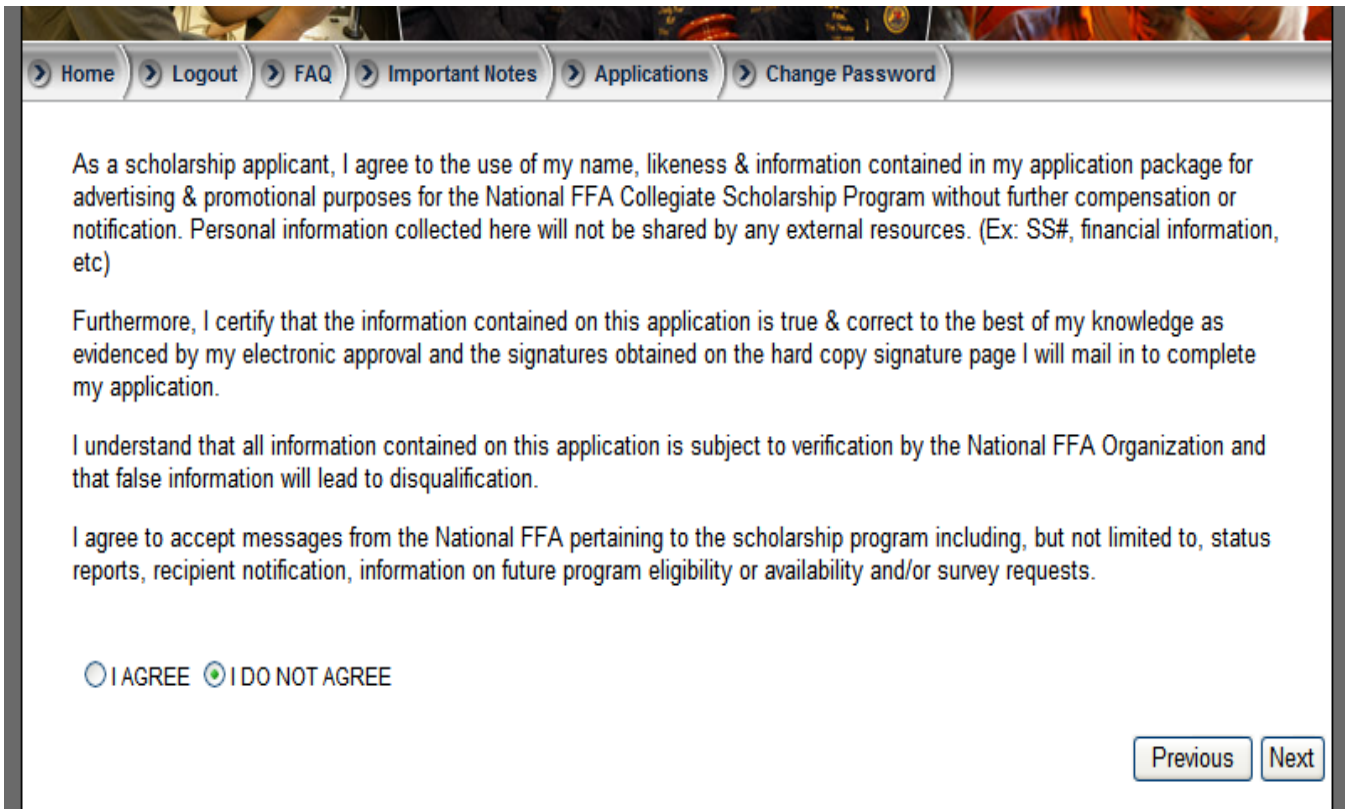

This online scholarship application is the only acceptable entry form that will be considered. It is recommended that prior to completing the application, you review all the information and scholarships listed on the scholarship web page to determine those for which you are eligible. You will not be considered for a scholarship if your application is incomplete.

The scholarship award process is automated. Scholarship recipients are selected based on individual applications meeting eligibility and criteria requirements. Most scholarships are provided as cash awards in the form of a check made out to the recipient and their intended school unless otherwise indicated in the sponsor description.

Scholarship checks are mailed after FFA receives the required documentation. If selected to receive a scholarship, recipients must return a completed acceptance agreement form, a copy of the official class schedule (showing the recipient is a full-time student for the first term in school) and a copy of the thank you note sent to the scholarship sponsor. For currently enrolled college students, official class schedules must be for the next term or semester in school. Class schedules are proof that recipients are registered for classes and are pursuing an educational program as required by each scholarship sponsor.

All scholarships are paid with the understanding that, unless otherwise indicated, the money will be used for tuition, fees, books and equipment required for classes to attain a vocational diploma or college degree from a post-secondary vocational/technical school or from a college or university. The type of eligible school will depend on the requirement of each scholarship. NOTE: Recipients are required to provide a valid mailing address within the United States and attend school within the United States. Scholarship checks will not be mailed outside the U.S.
